Thank you for participating in our No–Cost Breast Cancer Screening Program. This document will explain how to prepare for your visit to our Mobile Care Clinic.

Please Note: We will not perform a mammogram if you are pregnant or think that you may be pregnant, nursing or have stopped nursing for less than 6 months.

On the day of your mammography:

- Plan to wear a 2-piece outfit. That way you will only have to remove your top during the mammogram and Clinical Breast Exam (CBE).
- Do not use deodorant, lotion, perfume or powder under your arms or on your chest. Certain metallics in these products can appear on the screening as spots.
- Take your medicines and eat as usual.

Things to know:

- If you schedule your mammogram appointment a week before or during your period it is likely you will experience inflammation and breast tenderness.
- You should bring any previous mammogram films to your appointment, especially if they were performed at a different facility and if your previous mammogram results have been irregular.
- When you arrive at our mobile Care Clinic please check in with our personal and inform them of your appointment time.

What to Expect:

You will need to complete paper work similar to what you complete at your doctor’s office. After your paperwork has been reviewed you will be directed to the mammography room for your mammogram. It takes approximately 10 minutes to perform a mammography. After the mammography is completed you will be introduced to our nurse who will perform your CBE. A CBE is a physical examination of the breast. After the examination is completed, the nurse will teach you how to do your own self breast exam and what to look out for so you can monitor you breasts on a monthly basis.

Your results will be mailed in approximately 2 weeks in the envelope you address earlier. If you have questions regarding your results you may call our medical provider Multi-Diagnostics Services at 718-454-8556.

Thank you!

PLEASE READ AND SIGN ACKNOWLEDGING ITEMS 1-4

1. I hereby give my consent and permission to Multi-Diagnostic Services, Inc., its technicians and employees, to perform a visual and/or manual breast examination and/or mammography test on me. I also understand that a visual and/or manual breast examination and/or mammography do not constitute a complete examination for cancer, nor do they guarantee the absence of cancer if the results are negative.

I am solely responsible for following any recommendations made to me by the physician for any subsequent follow-up examinations, diagnostic studies, evaluations or treatments in the event that the results of the examination or mammogram are suspicious for malignancy, or there is any area of questionable abnormality found.

2. I HEREBY DECLARE THAT TO THE BEST OF MY KNOWLEDGE I AM NOT PREGNANT AT THIS TIME AND/OR THAT I AM NOT NURSING A CHILD.

3. I authorize Multi-Diagnostic Services, Inc. to receive any and all medical records and reports that pertain to my mammography findings. This includes, but is not limited to: ultrasound; spot, magnification, and any other additional views; biopsy results as well as previous mammography and sono films. This will enable Multi-Diagnostic Services, Inc. to update my medical chart as per Mammography Quality Standard Act (MQSA/HR6182).

4. I understand that the results of my examination and mammography will be reported to my designated physician. If follow-up test(s) are necessary, I give my permission for Multi-Diagnostic Services, Inc. to release my mammography films to me, a person designated by me, a doctor or the facility doing the testing. If screened through the NY State DOH Breast Health Partnership Program your films will be sent to a participating partner facility for follow-up cares and your medical/personal information will be released to the corresponding NY State Partnership office and the follow-up facility listed unless you tell us not to.

Your refusal must be in writing.
If desired, please provide us with the name of a relative or friend authorized to have your mammogram results along with their address and phone number:

CONSENT FOR CANCER SERVICES PROGRAM PARTICIPATION

About the Cancer Services Program (CSP) Partnership
The CSP Partnership is a New York State Department of Health (NYSDOH) program that works with contract administrators, and with doctors, nurses and other health care providers to offer free, age-appropriate, risk-based screening for breast cancer, cervical (opening of the womb) cancer, and colorectal (the colon and rectum) cancer. Screening tests can help find these cancers in early stages when they may be easier to treat. Sometimes, when these cancers are found and treated early, they can be cured. Contract administrators work with you, health care providers and the NYSDOH to provide the services described in this consent.

The Age-Appropriate, Risk-Based Screenings Offered by the CSP are:
- Mammograms and clinical breast exams for breast cancer
- Pap tests and pelvic exams for cervical cancer
- Take home fecal tests (FIT or FOBT) for colorectal cancer
- Screening colonoscopy for men and women at increased risk for colorectal cancer (this means they have a greater chance of getting colorectal cancer)

People Who Have Abnormal Screening Tests (the screening tests show they may have one of these cancers) May Also Have the Following Services from the CSP Partnership:
- Diagnostic tests: These are tests and exams that check to see if cancer is there.
- Case management: People help you get to the diagnostic tests by helping make appointments, finding a way to appointments, finding child care, and many other ways to make it easier to get to the important diagnostic test appointments.
- Help finding treatment if cancer is found.
- Help getting in the Medicaid Cancer Treatment Program if you meet the program eligibility (rules). The Medicaid Cancer Treatment Program offers full Medicaid insurance for people with breast, cervical, colorectal or prostate cancer who meet the program eligibility (rules).

Income and Insurance Eligibility
Free cancer screening by the CSP is only offered to women and men who meet income and health insurance eligibility (rules). Income eligibility means that the total amount of money earned by people living in your house must be below a certain amount for you to get free CSP services. CSP services are also offered to women and men who do not have health insurance (including Medicaid or other public insurance) or whose health insurance does not pay for cancer screenings. CSP services may also be offered to women and men who have health insurance, but cannot afford to pay the insurance co-pay, deductible, or spend down. The CSP partnership staff or health care provider will give you information about income and health insurance and talk to you about whether or not you meet these program rules.
Signing this consent means that:

- I have read the program information on page 1 and have talked to a CSP Partnership staff or provider and understand the services being offered to me by the CSP.
- I agree to be in this program and understand that by agreeing to be in this program, I give permission to the New York State Department of Health, contract administrators, and health care providers, including doctors, clinics, and/or hospitals to release (share) information about me. I understand this information includes financial and insurance information and medical information about me and related to my breast, cervical, and/or colorectal cancer screening and any related diagnostic and treatment care I receive. I understand this information will be released (shared) to other health care providers, contract administrators, other staff, health care providers, or agencies participating in the CSP Partnership and the New York State Department of Health for my health care, treatment, and follow-up, and for case management, tracking, and payment purposes.
- I understand that information about me and my medical information will be released only as allowed by this consent or as allowed or required by law.
- I understand that this consent is for CSP cancer screening and related diagnostic and treatment services and case management, as needed and as provided under the CSP Partnership.
- I understand that I may choose not to have the services that are offered to me at any time.
- I understand that someone will contact me if I am found to have an abnormal screening test (my screening test shows that I may have cancer). Case management services are provided to help me to get the recommended diagnostic follow-up testing and treatment, if needed. I understand that case management services are provided at no cost to me and that I can choose not to have the service at any time.
- I understand that my healthcare provider may recommend tests or procedures that may not be paid for under the program.

Attestation of Eligibility

A CSP Partnership staff or provider told me about the program services and eligibility requirements and answered any questions I had. By signing this consent, I attest to the best of my knowledge, I understand this information and by checking the boxes below, the following is true. I understand that the CSP Partnership and the New York State Department of Health may verify (check) the information I have provided herein.

I meet the following income eligibility requirements (choose one):

☐ My household income is at or below 250% of the Federal Poverty Guideline (FPG).
☐ My household income is above 250% of the FPG, but I cannot afford cancer screening.

I meet the following insurance eligibility requirements (choose one):

☐ I do not have health insurance of any type (this includes Medicare, Medicaid, Family Health Plus, or other public or private insurance).
☐ My health insurance deductible, monthly spend down, or co-payment is too high and prevents me from getting cancer screening services or my health insurance does not provide coverage for cancer screening and/or diagnostics.

☐ I authorize information about my services to be left on my answering machine.
